PRECISION PEPTIDE PARTNERS

BPC-157

SCIENTIFIC PRODUCT RESEARCH SUMMARY

Healing & Recovery

10 mg | $70.00 CAD

WHAT IS IT?

A synthetic peptide investigated largely in preclinical tissue-injury and gastrointestinal models.

Research profile — not a clinical treatment claim.

WHY IS IT STUDIED?

- Tissue response in animal models
- Angiogenesis-related signaling
- Inflammatory pathway studies

HOW THE RESEARCH IS INTERPRETED

COMPOUND / MATERIAL — **RESEARCH MODEL** — **EVIDENCE REVIEW**

Mechanism and biological context

A synthetic peptide investigated largely in preclinical tissue-injury and gastrointestinal models.

Scientific pathways and experimental findings are not proof of clinical benefit.

EVIDENCE LIMITATIONS

Robust human efficacy and safety evidence is lacking.

PRODUCT INFORMATION

- Listed size: 10 mg
- Catalog price: $70.00 CAD
- Category: Healing & Recovery

RESEARCH & SAFETY CONSIDERATIONS

Educational and research information only. Not medical advice. No claims of purity, sterility, testing or approval are made without product-specific documentation.

UNDERSTAND THE MECHANISM • KNOW THE LIMITATIONS • RESPECT THE RISKS

EDUCATIONAL / RESEARCH INFORMATION ONLY • NOT FOR SELF-ADMINISTRATION
