PRECISION PEPTIDE PARTNERS

GLUTATHIONE

SCIENTIFIC PRODUCT RESEARCH SUMMARY

Healthy Longevity & Cellular Health

1500 mg | $100.00 CAD

WHAT IS IT?

A tripeptide antioxidant naturally present in cells, involved in redox balance and detoxification pathways.

Research profile — not a clinical treatment claim.

WHY IS IT STUDIED?

- Cellular redox chemistry
- Glutathione recycling
- Oxidative-stress response

HOW THE RESEARCH IS INTERPRETED

COMPOUND / MATERIAL — **RESEARCH MODEL** — **EVIDENCE REVIEW**

Mechanism and biological context

A tripeptide antioxidant naturally present in cells, involved in redox balance and detoxification pathways.

Scientific pathways and experimental findings are not proof of clinical benefit.

EVIDENCE LIMITATIONS

Biological importance does not establish benefit or safety for every formulation or route.

PRODUCT INFORMATION

- Listed size: 1500 mg
- Catalog price: $100.00 CAD
- Category: Healthy Longevity & Cellular Health

RESEARCH & SAFETY CONSIDERATIONS

Educational and research information only. Not medical advice. No claims of purity, sterility, testing or approval are made without product-specific documentation.
