PRECISION PEPTIDE PARTNERS

TESAMORELIN/IPAMORELIN

SCIENTIFIC PRODUCT RESEARCH SUMMARY

Muscle Growth & Performance

5 mg + 5 mg | $125.00 CAD

WHAT IS IT?

A research combination pairing a GHRH analogue with a ghrelin-receptor agonist.

Research profile — not a clinical treatment claim.

WHY IS IT STUDIED?

- GHRH pathway
- Ghrelin receptor pathway
- Pituitary secretory responses

HOW THE RESEARCH IS INTERPRETED

COMPOUND / MATERIAL — **RESEARCH MODEL** — **EVIDENCE REVIEW**

Mechanism and biological context

A research combination pairing a GHRH analogue with a ghrelin-receptor agonist.

Scientific pathways and experimental findings are not proof of clinical benefit.

EVIDENCE LIMITATIONS

Effects and safety of the combined formulation are not established.

PRODUCT INFORMATION

- Listed size: 5 mg + 5 mg
- Catalog price: $125.00 CAD
- Category: Muscle Growth & Performance

RESEARCH & SAFETY CONSIDERATIONS

Educational and research information only. Not medical advice. No claims of purity, sterility, testing or approval are made without product-specific documentation.
